To whom it may concern,

I confirm that I have known Dennis Hengel with Home Town for over 10 years now. I had hired Home Town to do a major renovation on our lake property in Coldstream, BC about 5 years ago and the project went as smooth as one would expect, which was a huge improvement on the last local company we had hired previously. We also hired Home Town to do second major renovation to our farm home in Vernon, BC, which also went very well and on budget.

At all times I have found Dennis and his crews to be dependable, reliable, hard-working, conscientious, honest, and courteous.

I highly recommend Dennis Hengel and Home Town for any renovations or new construction needed and if I had another renovation or home to be built in the Okanagan there is no question that Home Town would be my only call.

I'm happy to provide further information if required.

Yours faithfully,

Chris Oddy
