Dennis Hengel/Owner-Operator

Please accept this letter as an excellent reference of the above mentioned.

Dennis constructed a major renovation to our existing Pleasant Valley Funeral Home building by adding on an additional 1500 square foot Tea Room and 3 bay garage. He also did renovations to our Chapel at that same time.

I found Dennis to be highly competent, with excellent workmanship. He is also very accommodating and open to ideas. Any sub-contractors that were hired for the project worked exceedingly well with him.

I would not hesitate to recommend Dennis for any project you might have in mind for his company.

If you have any further questions or concerns please give me a call.

Sincerely,

Douglas R. Sharpe
